

On the 20th May 2019 in Schottengymnasium (Vienna) started the realization of the program “Preparation for the final exam in Russian language” for the senior pupils of the gymnasium. The project implements in the framework of the grant program of the Foundation “Russian World”. Classes in Russian language for the pupils of Schottengymnasium holds a Candidate of Philological Sciences, Associate Professor of German language, Head of the International Department at Smolensk State University Roman V. Belyutin. In the classroom communicative, linguistic and cultural competences are improved through a variety of didactic strategies. The pupils work with authentic texts representing the Russian picture of the world.
